

3. Lease-End Policy

3.1 Purpose

The Lease-End Policy governs the processes and customer options available at the conclusion of an auto lease term, ensuring transparency, consistency, and regulatory compliance.

3.2 Scope

This policy applies to:

- All consumer vehicle lease contracts
 - Lease maturity, early termination, and purchase scenarios
-

3.3 Lease-End Timeline

- **90–120 Days Prior:** Initial lease-end notification
 - **60 Days Prior:** Customer options reminder
 - **30 Days Prior:** Final instructions and inspections
-

3.4 Customer Lease-End Options

At lease maturity, customers may:

1. Return the vehicle
 2. Purchase the leased vehicle
 3. Lease or finance a new GM vehicle
-

3.5 Vehicle Return Requirements

- Vehicle must be returned to an authorized location
 - Mileage limits and excess mileage charges apply
 - Wear-and-tear assessed using standardized guidelines
-

3.6 Lease-End Inspection

- Pre-return inspections may be offered
 - Excess wear charges are itemized and communicated to the customer
 - Disputes follow established resolution procedures
-

3.7 Lease Purchase Option

- Purchase price defined in original contract
 - Taxes, fees, and processing costs apply
 - Financing options may be available
-

3.8 Early Lease Termination

- Early termination fees may apply
 - Customer payoff amount differs from maturity purchase option
 - Detailed disclosures are required
-

3.9 Compliance & Customer Experience

- Communications must be clear and non-deceptive
 - All lease-end interactions must be documented
 - AI-generated guidance must align with contract terms and policy constraints
-

3.10 Audit & Governance

- Lease-end decisions must be traceable
- Exceptions require approval
- Policy adherence is subject to periodic review
-
